## A BILL

To amend the Consolidated Farm and Rural Development Act to authorize the Secretary of Agriculture to make grants to nonprofit organizations to finance the construction, refurbishing, and servicing of individually-owned household water well systems in rural areas for individuals with low or moderate incomes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Affordable Drinking  
5       Water Act of 2000”.

1 **SEC. 2. FINDINGS.**

2 Congress finds that—

3 (1) affordable access to safe, reliable drinking  
4 water is in the public interest;

5 (2) approximately 15,000,000 households in the  
6 United States receive drinking water from household  
7 water well systems;

8 (3) according to a national survey, more than  
9 80 percent of those well owners express a preference  
10 for water from their household water well system  
11 over water from a community drinking water system  
12 or bottled water;

13 (4) many consumers and farms in the United  
14 States receive drinking water from older household  
15 water well systems that are not constructed to cur-  
16 rent standards;

17 (5) those systems should be upgraded to ensure  
18 consumer and farm access to the safest and most re-  
19 liable sources of drinking water;

20 (6) the Department of Agriculture, including  
21 the Rural Utilities Service, has no program focused  
22 on funding the construction, refurbishment, or serv-  
23 icing of individually-owned household water well sys-  
24 tems; and

1           (7) centralized water systems are not always  
 2           the most cost-efficient way to deliver safe, reliable  
 3           drinking water to rural customers.

4 **SEC. 3. GRANTS TO NONPROFIT ORGANIZATIONS TO FI-**  
 5 **NANCE THE CONSTRUCTION, REFURBISHING,**  
 6 **AND SERVICING OF INDIVIDUALLY-OWNED**  
 7 **HOUSEHOLD WATER WELL SYSTEMS IN**
